

2nd International Seminar on Project Management

WEDNESDAY 11th JULY 2018

09:30 – 10:00	Tom Taylor APM	Welcome "GMPM - Genetically Modified Project Management"
10:00 – 10:30	Jesús Martínez Almela IPMA	"Future Trends in Project, Programme and Portfolio Management"
10:30 – 10:50	Jim Novack Talent Swarm	"The Next Industrial Revolution: Global, Immersive and Collaborative Work Environments using Mixed Reality and Smart Objects"
10:50 – 11:20	Kyle Bahr Tohoku University	"Opinion Leader Conflict in Stakeholder Networks"
11:20 – 11:40	Guillermo Montero Proinca	"Earned Schedule Management as a complement for Earned Value Management"
11:40 – 12:00	Pablo Ballesteros Loughborough University	"Limitations of earned value analysis when anticipating delays in projects"
12:00 – 12:30		Coffee break
12:30 – 13:00		Opening
13:00 – 14:00	Paul Hodgkins Paul Hodgkins Project Consultancy	"Project leadership - the difference that makes the difference"
14:00 – 15:30		Lunch
15:30 – 15:50	Eugenio Pellicer UPV	"Highway maintenance contracts: comparative analysis and proposal of classification"
15:50 – 16:10	Joaquín Ordieres UPM	"Program and Project Management articulation: evidences from the infrastructure sector "
16:10 – 16:30	Qing Yang UST Beijing	"Project Management Innovation in Big Data Environment: Findings from a Case of Engineering Project "
16:30 – 16:50	Pablo Ballesteros Loughborough University	"Developing construction-relevant weather maps for project managers: application to the uk"
16:50 – 17:10	Önder Halis Bettemir Inonu University	"Green and Cost-Effective Solutions for the Temporary Accommodation and Rural Settlement"
17:10 – 17:30	Unai Apaolaza Mondragon Unibertsitatea	"Application of the DBR approach to a multi-project manufacturing context"

2nd International Seminar on Project Management

THURSDAY 12th JULY 2018

09:30 – 09:45	Tom Taylor APM	Welcome
09:45 – 10:15	António Andrade APOGEP	"Do we need new competences? ICB 4.1 a new revolution face Industry 4.0"
10:15 – 10:35	Germán Martínez UGR	"A critical review of sustainable building certification systems: Time for change?"
10:35 – 10:55	Eugenio Pellicer UPV	"Challenges and needs in sustainable management of urban infrastructure"
11:00 - 11:30	Masami Nakagawa Colorado School of Mines	"How an aging demographic fosters innovations in Japan?"
11:30 - 12:00 Coffee break		
12:00 – 12:20	Carsten Wolff FH Dortmund	"Competences and the Digital Transformation "
12:20 – 12:40	Martin Folch UNED	"Dynamic risk methodology through statistical risk control applied to the project management in high uncertainty environments"
12:40 – 13:00	Primitivo Carranza KidsKitcar	"Application of greenpower projects in distinct educational scenarios"
13:00 - 13:20	Antonio Marotta UPM	"Potential of active chilled beam system to improve energy behaviour and thermal comfort in glazed buildings"
13:20 - 13:40	Maria do Rosário Bernardo APOGEP	"Portfolio Management enabling a dynamic Organization's information systems representation"
13:40 - 14:00	Önder Halis Bettemir Inonu University	"Proposal of Building Information Model Aided Ready Mixed Concrete Distribution"
14:00 - 15:30 Lunch		
16:30 - 17:15	Genserik Reniers TU Delft	"Using economic approaches for safety decision-making"
17:15 - 18:00	Martina Huemann WU Vienna	"Sustainability & Project Management"
18:00 - 18:30	Closing
